ANOTHER EFFORT TO END WORLD WAR WILL BE MADE

Vatican Asks All Belligerent Powers to Express Views Regarding Proposal

WASHINGTON ADMITS SOMETHING DOING
Probable That Allied Nations Will Confer Regarding Opening Negotiations

(International News Service.)

Rome, Aug. 14.—Pope Benedict is making another effort to bring about a peace conference between the warring powers, it was learned today.

(International News Service.)

Washington, Aug. 14.—State department officials today declined to discuss "for the present" reports from Rome that Pope Benedict has made new suggestions through all participants in the European war that they go on record on the proposal for peace.

A state department official said today that so far the official proposals had not reached the United States. Secretary Lansing admitted, however, that he knows of them informally, but could not say what action will be taken on them by this government. It is considered likely that an informal exchange of views will take place between the United States and her allies before final action is taken.

Rome dispatches simply stated that a new peace movement had been instituted by the Vatican, and that details were withheld. Roughly speaking, the proposition as indicated in dispatches from Rome several days ago provides for the restoration of Belgium and Serbia and the creation of an independent Poland.

The big questions of Alsace-Lorraine and Italy's claim for territory are held open.

GERMANS CONTINUE RUSS DRIVE

(International News Service.)

London, Oct. 14.—German artillery has become much more active east of Ypres and Lombardzde, the British war office announced today. North-east of Houze and Aucourt and at two points east of Vernelles, British troops carried out successful raids, penetrating German trenches and inflicting damage.

(International News Service.)

Geneva, Aug. 14.—Austro-German troops under Field Marshal Von Mackensen who captured the Roumanian town of Tontsha are pressing the Russo-Roumanians across the Fokshani railway towards the Sereth river, according to advices to Berlin today. Tontsha is five miles west of the Fokshani railroad which runs through Moldavia from north to south. The Austro-German forces are still 70 miles from Jassy, the temporary seat of the Roumanian government.

Amsterdam, Aug. 14.—An admission of a retirement of about 50 yards by German troops north of St. Quentin on the Somme front was made by the German war office, according to a dispatch from Berlin today.

STORM WEATHERED BY LLOYD GEORGE

LABOR TROUBLES DUE TO SOCIALISTS HAVE PASSED OVER. PRESS APPROVES.

(International News Service.)

London, Aug. 14.—General satisfaction is expressed by the press today over the attitude of the government in refusing passports for the socialist meeting at Stockholm. It has brought about a political situation, however, has far reaching possibilities. So far it appears that Premier Lloyd George has weathered this latest political storm, but radical leaders among the socialists and laborites are giving notice they will support Arthur Henderson and that the "fight is on."

The one great fear that is expressed on every hand is that the political situation may hinder the progress of the war, but Mr. Henderson has pledged himself not to carry on any agitation that will embarrass the government's war problems. Not even his bitterest enemies charge Mr. Henderson with disloyalty to his country. F. George Nicholl Barnes, the new minister without portfolio, Henderson's successor, enters the cabinet with the full confidence of his fellow men.

(International News Service.)

Atlanta, Ga., Aug. 14.—Eighteen first lieutenants who leave the officers' training camp at Ft. McPherson tomorrow will report at an Atlantic port ready to sail for France where they will undergo intensive training preparatory to active participation in the war. The names of the men who have volunteered for the service were withheld. Five men have been selected from the camp to be sent to Cambridge, Mass., where they will undergo training under instruction of French and British officers in the use of hand grenades and trench warfare.

Another Local Boy Lands a Commission

In addition to the list of local men who received commissions at Ft. McPherson yesterday, Robt. M. Burr, son of Seneca Burr, also was named a second lieutenant in the officers' reserve corps.

The young officer has many friends here who will be pleased to learn that he successfully stood the rigid examinations and received his shoulder straps.

EYSTER ON TRAIL OF DRAFT DODGERS; CALLS ON PUBLIC TO RENDER HELP

SPECIAL PROSECUTOR ISSUES A STATEMENT IN WHICH HE POINTS OUT HOW ALL DRAFTED MEN'S INTERESTS INTERLOCK.

EXAMINATIONS RESUMED 17TH

BOARD RUNS OUT OF BLANKS AND BEGINS TO CONSIDER EXEMPTION CLAIMS TO FILL IN THE TIME. MORE MEN SECURED.

The Morgan county selection board at 8:30 o'clock Friday morning will resume the examination of first call men drafted for the new national army. The board recessed late yesterday afternoon when the supply of blanks used by the examining physicians became exhausted.

When the temporary halt was called, the board had called 512 men. The total number summoned was 656. It is expected that the remaining 144 will be called and examined Friday.

So far but 77 "certain soldiers" have been secured of the county's quota of 328.

The selection board this morning began the consideration of exemption claims, making some progress. The names of those whose exemptions are granted will be published in the Daily as soon as authorized.

Chas. H. Eyster, county solicitor, who has been employed to aid the board in the ferreting out of cases where the exemption privilege was abused, this morning issued the following statement:

To the People of Morgan County: About seventy-five per cent of the registrants who have been examined by the local exemption board, have either been found physically unfit or have expressed their intention of filing their claim of exemptions. This condition is not only amazing, but is shocking, and the significance of its continuation should be presented to the people of this county who have husbands or sons or fathers, subject to the call.

The ten million men who registered on June 5th, placed themselves at the disposal of their country. The duty and obligation of all was equal, and the order in which they were called to give their services to their country was determined by lot. The drawing gave every man a position and it is to every man's interest that his position be not imposed upon or fraudulently displaced; and whenever a registrant is disqualified because of physical unfitness or because of his claim of exemption, he thereby displaces the position of another registrant and draws that registrant nearer to draft.

At the present rate of disqualification and exemption claims, it means that a man whose number would entitle him to draft in the third or fourth call, will no doubt be called to make up the first quota to be sent to the front.

Every registrant and those interested in his not being called for military service, should be (Continued on Page Two.)

HAVEN OF REFUGE THEME OF SERMON SUNDAY EVENING AT UNION SERVICE

DR. JESSE A. COOK ADDRESSES LARGE AUDIENCE AT DECATUR OPEN AIR SERVICES.

NO PRICE ON SALVATION

SINFUL MEN AND WOMEN CONSTANTLY SHIFTING FROM ONE PLACE TO ANOTHER TO SECURE FAVOR OF GOD.

In opening his sermon at the Decatur open air services Sunday night, Rev. Jesse A. Cook inquired of the large audience present: "Would you wonder if God should accomplish the salvation of some soul tonight? Are you expecting Him to do anything in this meeting?"

The speaker then entreated his hearers that they be busier praying than in listening to the sermon. The speaker's theme was "A Haven of Refuge," which he made to mean salvation according to the terms of the scripture. "This salvation is the free gift of God to all who are sick of sin, and willing to turn to the Savior," said the speaker. "God does not put a price on salvation. If He did He would make it worthless. God could not sell His love. He could not barter away His grace. If you want to stop your conscience from talking back to you, I pray you, to enter God's haven of refuge."

Inspiring Song Service.

Rev. W. N. Sholl presided at Sunday night's service, and among other announcements he read the call, signed by Mrs. J. D. Wyker, for the registration of all the women for war service, as contained in Saturday's Daily. With Mrs. T. M. Dix as accompanist, and Otto Fischer as choir-leader, a very inspiring song service was rendered prior to the sermon. A special number was a quartet hymn sang by William Owens, T. M. Dix, Grover C. Halbrook and Otto Fischer.

The text for the evening was from the 4th and 5th verses of the 142nd Psalm. "Refuge hath failed me, I cried unto Thee, O Jehovah. Thou art my refuge."

The sermon in part was as follows:

"All men are seeking a place of refuge from sin. Every person attempts to justify his or her conduct. Sinful men and women are constantly shifting from one thing to another in the hope of finding a place that will make them secure in the favor of God when they shall stand before Him to render an account for the deeds done in the body. Though never quite satisfied, they grope from one to another only to find that refuge hath failed them. Men seek refuge from God in their own logical conclusions. They say since God has made us intelligent creatures, whatever conclusions we may work out concerning right relationships of our lives to Him are correct. This is only a step from the man who carries out an image with his own hands and worships it. The one is the work of the mind, the other of the hand. The one is abstract, the other concrete. Man cannot by searching find God. All we, like sheep, have gone astray and the way home must be revealed. (Continued on page two.)

STORK BESTS REAPER; GO TELL THE KAISER.

The health report for Morgan county as announced by Dr. M. W. Murray, county health officer, shows 75 births for the county and 36 deaths. This is an excellent report, according to Dr. Murray, there being over twice as many births as deaths.

Home Guard Invites All Drafted Men To Attend Tonight's Drill

All men drafted for the new national army are invited by Major Maloof to attend the drills of the Albany Home Guard. By attending these drills, the "rookies" can overcome much of their awkwardness, and will avoid some of the tedious grind of the early days of camp life. The guard will meet tonight at 8 o'clock at the Armory.

LOCAL UNIT IN SECOND DIVISION ORDERED ABROAD

Guardsmen of Twenty Six States and District of Columbia are Designated

FOURTH ALABAMA IS INCLUDED

Will Be Known as the One Hundred and Sixty-Seventh U. S. Infantry

(International News Service.)

Washington, Aug. 14.—National guard units from 26 states and the District of Columbia were designated by the war department today to form the second division soon to be sent abroad. The states whose guard units are designated are: Louisiana, Pennsylvania, Wisconsin, New York, Ohio, Georgia, Alabama, Iowa, Illinois, Indiana, Minnesota, Maryland, South Carolina, California, Nevada, Virginia, North Carolina, Kansas, Texas, New Jersey, Michigan, Tennessee, Oklahoma, Nebraska, Colorado, Oregon, District of Columbia. This new division is the first to be formed of national guardsmen and it has been designated as the "rainbow division," because of the numerous states included. In the war department announcement showing what state troops will make up the various parts of the division, the One Hundred and Sixty Seventh Infantry is selected from the Fourth Alabama.

Company E, the local military organization, is attached to the Fourth Alabama, and many local boys will be included in the second division to be sent abroad. The selection of the Fourth stamps it as the best of the various Alabama Infantry regiments.

SENATE PACIFISTS GROUP OPPOSES REVENUE BILL

(International News Service.)

Washington, Aug. 14.—"The \$2,000,000,000 war revenue bill levies too lightly upon big business; it will raise a wholly inadequate installment of the first year's war expenses and it will commit the nation to an unsafe fiscal policy almost certain to end in disaster," Senator LaFollette, of Wisconsin, representing the minority of the finance committee, reported to the senate today.

Senator LaFollette's report was signed also by Senator Gore of Oklahoma, and Senator Thomas of Colorado. It estimated that the very least amount the American people will be called upon to raise for the first year of the war will be \$13,000,000,000 and predicted that it would run above \$17,000,000,000 counting probable additional loans of \$4,000,000,000 to the allies.

Miss Kimbrough to Appear for Red Cross

Miss Sarah Marie Kimbrough, who will appear at the Masonic theatre on Friday evening, Aug. 17 at 8:45, is a young lady who is rapidly winning laurels as a dramatic reader and musician. Miss Kimbrough is a graduate of the Leland Powers School of the Spoken Word of Boston, and a student of the New England Conservatory of Music. Her instructor at Leland Powers, in speaking of her qualifications, said: "Miss Kimbrough has the best speaking voice in the school," and further added, "That it seemed that Maeterlinck's 'Blue Bird' was specially written for rendition by Miss Kimbrough, having qualities peculiarly adapted for its rendition."

The entertainment will be given for the benefit of the Red Cross, under the auspices of the ladies of the organization and is being looked forward to as an event. A large number of tickets have been sold and a packed house is expected to hear the recital by this gifted girl.

FOUR BILLIONS IN WAR BONDS SOON WILL BE FLOATED

(International News Service.)

Washington, Aug. 14.—Immediate authorization of new bond issues to provide for loans of three to four billion dollars to the allies was decided upon by Senator Simmons, Representative Kitchin and Secretary McAdoo in conference today. Legislation will be drawn up and pushed in congress. Secretary McAdoo pointed out that the demands of the allies are exceeding all expectations and that funds now authorized are not at all adequate to meet them. The amount of the new bond issue that will be asked of congress was not definitely stated, but it is expected to be close to \$4,000,000,000. Secretary McAdoo told Senator Simmons and Mr. Kitchin the sum would take care of all obligations for the allies to the end of the fiscal year, June 30, 1918.

Eyster on Trail of Draft Dodgers

(Continued from Page One.)
fully awake to the situation, which is of so much vital importance to them, and all registrants filing exemptions should be fully conscious that they will either send to the front some man who but for their claim of exemption would not have to go.

The local exemption board and the district board will investigate rigidly all claims of exemption, and under the instructions of the provost marshal general the representative of the government has no election in the matter of appeal from the action of the local board in allowing exemptions on the ground of dependency. From all such claims allowed by the local board, the government automatically appeals to the district board, and may appeal all other cases where exemptions are claimed.

The matter of taking the appeals in the name of the government has been entrusted to me as deputy solicitor of this county, and as each registrant has a peculiar and vital interest in the decision of the local board and the district board on their allowance or disallowance of the claim of exemptions filed by the registrants in the first call, I shall expect the co-operation of all registrants and all persons who have the interest of their country at heart, to co-operate and assist me in contesting fraudulent, unmeritorious exemption claims.

The press will publish the names of those whose claims of exemptions are allowed by the local board and I shall expect the citizens of this county to report to the clerk of the local board all cases in which claims for exemptions have been allowed on the ex-parte statement and affidavit of the registrant to the end that if such registrant has obtained his exemption fraudulently or through misrepresentation, the district board may have an opportunity of reversing the decision of the local board and requiring such registrant to enter the service.

Remember, a claim of exemption allowed, necessarily calls for another man and that other man may be called to the front by reason of misrepresentation made by the man in the first call.

Very respectfully,
CHAS. H. EYSTER,
Deputy Solicitor.

ROBERTS AND BIG CHIEF IN HURLING DUEL; INDIANS WIN 2-1

Halbrooks Steals Home in Sixth, Giving Locals Their Lone Tally. Play Again Today

After a month's idleness the local Y. M. C. A. team roused itself from its hibernation to give entertainment to the tribesmen of the Nebraska Plains yesterday afternoon, losing the count 2 to 1, after a pitchers' battle between "Red" Roberts and Chief, the famous Indian heaver of the Carlisle accent.

Both clans were a wee bit off form, but notwithstanding this slight discrepancy, the game was interesting, barring a few slow periods of pastime. The Red Men scored a brace in the second inning on raps by White-moon and Wynn, coupled with weird and listless fielding by the locals. White-moon singled to right. Running Deer maced a hot one to Mitwede, who heaved wild to second in an effort to catch the Moon man, said Moon man going to third, while Running Deer continued to second on the chuck. Wynn fired a two-base smack to right, both runners scoring when the relay to the plate rolled by Barnes.

The locals got two on in their half of the opener, but alas, it netted them naught. Eagle, the Indian short stop, sustained a broken finger in this session and had to retire from the game. Little Deer coming in from center to take his place, while Rising Bread took L.T. Deer's place. Chief went eight full innings before he allowed anything resembling a hit to be garnered off him. The locals amassed three safe swats off the big scalp hunter, two of which were infield wallpops. The honor of the only safe smack goes to Joe Norwood, who poked a screaming double to center in the eighth, but no one was on and it produced nothing of a scoring nature.

Halbrooks was responsible for the only local score when he uncorked a sensational steal of the plate during the sixth inning. Chief passed Hal-

brooks in the beginning of the sixth. Chess took second on a wild pitch, went to third when Davis fumbled Barnes' roller, and a second later stole home, while Chief was eyeing Barnes on first.

Some very snappy double plays added zest to the frolic at various intervals, Fritz Barnes pulling one unassisted in the second inning that nipped an Indian rally at the psychological moment.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

REVIVAL SERVICE WELL ATTENDED

OPENING SERMON PREACHED BY DR. J. C. PERSINGER LAST NIGHT.

With an attendance present which was gratifying, the first session of the central churches' revival meeting was held on the Y. M. C. A. lawn last night. The union choir did valiant service in the inspiring music that it led and the hymns sung could be heard far down Second avenue.

In a few well chosen words, Dr. Mays expressed satisfaction at the spirit of unity which prevailed among all the churches participating, and called attention to the representative character of the gathering.

In his opening remarks Rev. J. C. Persinger called attention to the fact that the Savior first undertook to conquer the whole world with a much smaller following than was in his audience, and urged all to come into a feeling of deep personal responsibility.

Mr. Rose Discovers Real Indian Skull

What is pronounced by Dr. Watson to be a real Indian skull is in the possession of R. G. Rose, corner Fourth avenue and Gordon Drive, west. It is not the bones of a Nebraska Indian ball player scalped by an avenging "Y." man, because it was found near a mound about 50 miles up the river.

According to Mr. Rose, the skull, with some arrow heads, spears, earthen vessels and other Indian relics, was washed up by a recent rise in the river. The skull is in good condition with all the teeth still intact except one.

A Comfortable Inexpensive Bungalow

The broad sweeping lines of this bungalow gives it a very pretentious appearance; however, it is one of the most economical constructed homes in the "Ye Planry" Service. The roof covers all, no extra cutting of timber. The large 8x31 front porch is a standing invitation to enjoy its comfort, especially in warm weather. The living and dining rooms are large. One of the interesting features of this interior arrangement is the 6x12 pantry adjoining the kitchen. In it are cupboards under the sink, large closets; in fact, it is really a kitchenette. Two bedrooms with bath between and sleeping porch make comfortable the one-third of your life which one spends in bed. The book cases and window seats in living room and cozy nook in dining room are all features which make home life in this home worth the consideration for its building.

SECOND AVENUE

The Empty House

You have all heard the story of the empty house, and about there being nothing in it. The same is often times true of a vacant house, that is why it is vacant. Most vacant houses have plenty of room and lots of flue holes, but most tenants want less flue holes and more heat.

The very quickest way to do away with the "FOR RENT" sign, is to invest in a good Steam Heating System that will make satisfied tenants, by keeping every nook and corner in the house comfortable, as satisfied tenants yield good incomes to the owners.

A modern Steam System can be easily attended by any member of the family that could feed a stove.

If you are going to build new houses for rent you can almost save the price of a Steam Heating System by cutting out extra chimneys and mantels. If you have an old vacant one, put a modern Heating Plant in it and rent it. Heating time is coming, get ready.

Full information concerning cost will be furnished by

Does Renting Pay?

First we will take the man who is paying \$15.00 per month. We figure ten years because there is any number of men in Albany and Decatur who have been renting that long.

Twelve months rent at \$15.00 is\$ 180.00

Ten years' rent at \$180.00 is\$1,800.00

What have you to show for it? (Wait until you miss a month.) A big sign hung on the door—"FOR RENT," by some real estate man or an individual who just had a little more nerve than you had ten years ago.

You have rented ten years and paid for a house and lot which is still there—so are you, and still paying \$15.00 per month to get to stay.

Let us explain our Monthly Payment Plan and help you to be the owner of a HOME, not a PLACE.

NORTH ALABAMA BUILDING & LOAN ASSOCIATION

DECATUR, ALA.

Today Is the Day to Live

Today is the time for laughter
Tomorrow the time for tears,
Whatever may come hereafter,
Whatever the woe with years,
Today is the time to borrow
The best that the gods can give.
We can sorrow, if need, tomorrow
But today is the time to live.

—Anon.

Few of us in this hurly-burly age know how to live; most of us merely exist—and that rather precariously.

We need a reformation on our style of living—a change in our manner of so-called "Pleasures," for—
"TODAY IS THE TIME TO LIVE."

Our forefathers lived—not in gilded style; not soap bubble grandeur; not trying to impress their neighbors and friends by lavish expenditures for needless pleasures. They lived in a real home, and they lived. They borrowed from the gods the best—a place—where surrounded by a united family they enjoyed the pleasures of a home. What more could be asked?

Homes—folks—are you really living? Have you a home? If not, what is keeping you from building? Be true to yourself and answer the question.

In too many instances it is the expense of maintaining the upkeep of "butterfly society life," which not only depletes the treasure, but saps the soul of the appreciation of the better things in life. When the veneer of this society life is broken and cracked there remains a warped and perverted soul.

Forego the froth and foolishness of the present day and receive the inspiration derived from home building, its planning a pleasure, its construction a delight, and as the years roll on it's a lifetime joy. Remembering:

Tomorrow's the time to sorrow
Today's the time to build.

Everything in Hardware for Builders

It is the most important to select the best hardware for that new home or building.

That brings you here, for we make a point of carrying nothing but the best builder's hardware that adds not only to the beauty of a building but to its selling value as well.

The Sash and door Locks, Hinges, Etc., are a very small part of a building, but will repay many times for the cost and trouble of proper selection. Cheap goods are a continual source of trouble and worry.

We are prepared to name interesting prices on the complete hardware for any style of building from the humble cottage to the largest office building.

Yes sir! We also sell the best building Tools—all moderately priced.
